OTTAWA, 13th October, 1904.

SIR,—During the past year the Canadian Government have received representations from various persons connected with the sealing industry in British Columbia against an Ordinance of the Legislature of the Falkland Islands, dated 8th September, 1903, under which the Governor is authorised to impose a tax upon sealskins imported into that colony for the purposes of transshipment or exportation. These representations were duly communicated to His Majesty's Government. In a despatch to His Excellency the Governor-General, the Secretary of State for the Colonies declares that after due investigation he has decided not to advise His Majesty to exercise his power of disallowance in respect to this Ordinance, and that it will be enforced next season by the imposition of a duty of ten shillings per skin, this amount however, to be reduced from ten shillings per skin to one shilling per skin in the case of all skins which the Governor of the colony is satisfied were not taken in the close season.

The Secretary of State would be obliged by your taking steps to cause those persons in British Columbia who are interested in the sealing industry to be informed of this decision of his Majesty's Government.

I have etc.,

JOSEPH POPE,

Under-Secretary of State.

His Honour the Lieutenant-Governor  
of British Columbia,

Victoria, British Columbia.

AT THE COURT AT BUCKINGHAM PALACE.

The 10th day of August, 1904.

PRESENT :

THE KING'S MOST EXCELLENT MAJESTY  
IN COUNCIL.

WHEREAS by an Order in Council dated the 5th day of May, 1873, after reciting that by "The Merchant Shipping Act Amendment Act, 1862," it was enacted that whenever it was made to appear to Her late Majesty that the rules concerning the measurement of tonnage of merchant ships for the time being in force under the principal Act had been adopted by the Government of any foreign country and were in force in that country, it should be lawful for Her Majesty by Order in Council to direct that the ships of such foreign country should be deemed to be of the tonnage denoted in their certificates of registry or other national papers, and thereupon it should no longer be necessary for such ships to be remeasured in any port or place in Her Majesty's Dominions, but such ships should be deemed to be of the tonnage denoted in the certificates of registry or other papers in the same manner, to the same extent and for the same purposes in, to, and for which the tonnage denoted in the certificates of registry of British ships was to be deemed the tonnage of such ships, and reciting that it had been made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships then in force under "The Merchant Shipping Act, 1854," had been adopted by the President of the French Republic, and were in force in the French Dominions: Her Majesty was thereby pleased, by and with the advice of Her Privy Council to direct that the ships of France, the certificates of French nationality, and registry of which were dated on or after the first day of June, 1873, should be deemed to be of the tonnage denoted in the said certificates of French nationality and registry :

And whereas The Merchant Shipping Act Amendment Act, 1862, was repealed by "The Merchant Shipping Act, 1894," but by section 745 of the latter Act it is, amongst other things, provided that any Order in Council made under any enactment thereby repealed should continue in force as if it had been made under the said Act of 1894.

And whereas by another Order in Council dated the 29th day of January, 1904, after reciting that by section 84 (3) of "The Merchant Shipping Act, 1894," it was enacted that if it was made to appear to Her late Majesty that the tonnage of any foreign ship, as measured by the rules of the country to which she belonged, materially differed from that which would

be her tonnage if measured under that Act, Her Majesty in Council might order that, notwithstanding any Order in Council for the time being in force, any of the ships of that country might be remeasured in accordance with that Act, and reciting that it had been made to appear to His present Majesty that the tonnage of French ships, as measured by the rules concerning the measurement of tonnage of merchant ships of France, materially differed from that which would be the tonnage of such ships if measured under "The Merchant Shipping Act, 1894," His Majesty in Council ordered that notwithstanding the hereinbefore recited Order in Council dated the 5th day of May, 1873, any of the ships of France might, for all or any of the purposes of "The Merchant Shipping Act, 1894," be remeasured in accordance with the said Act:

And whereas by section 738 of the same Act it is provided that where Her late Majesty had power under that Act to make an Order in Council, Her Majesty might by Order in Council revoke, alter or add to any Order so made:

And whereas by section 30 of the Interpretation Act, 1889, it is enacted that in that Act and in every other Act, whether passed before or after the commencement of that Act, references to the Sovereign reigning at the time of the passing of the Act or to the Crown shall, unless the contrary intention appears, be construed as references to the Sovereign for the time being and that Act shall be binding on the Crown:

And whereas it has been made to appear desirable to His present Majesty that the provisions of the said recited Orders in Council, dated respectively the 5th of May, 1873, and the 29th day of January, 1904, should be revoked and a new Order in Council made and substituted in lieu thereof:

Now, therefore, His Majesty, in virtue of the powers vested in Him by the said recited Acts, and by and with the advice of His Privy Council, is pleased to direct that the said recited Orders, dated respectively the 5th day of May, 1873, and the 29th day of January, 1904, shall be and the same are hereby revoked.

A. W. FITZROY.

AT THE COURT AT BUCKINGHAM PALACE,

The 10th day of August, 1904.

PRESENT:

THE KING'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS it is enacted by section 84 (1) of the "Merchant Shipping Act, 1894," that whenever it appeared to Her late Majesty the Queen in Council that the tonnage regulations of that Act had been adopted by any foreign country and were in force there, Her Majesty in Council might order that the ships of that country should without being remeasured in Her Majesty's Dominions be deemed to be of the tonnage denoted in their certificates of registry or other national papers, in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship was deemed to be the tonnage of that ship.

And whereas by section 30 of the Interpretation Act, 1889, it is enacted that in that Act and in every other Act, whether passed before or after the commencement of that Act, references to the Sovereign reigning at the time of the passing of the Act or to the Crown, shall, unless the contrary intention appears, be construed as references to the Sovereign for the time being, and that Act shall be binding on the Crown.

And whereas it has been made to appear to His Majesty that the rules concerning the measurement of tonnage of merchant ships now in force under "The Merchant Shipping Act, 1894," have been adopted by the President of the French Republic, and are in force in the French Dominions, having come into operation on the 1st day of July, 1904.

Now, therefore, His Majesty in Council doth order that the ships of France, the certificates of registry or other national papers of which are dated on or after the 1st day of July, 1904, shall, without being remeasured in His Majesty's Dominions, be deemed to be of the tonnage denoted in such certificates of registry, or other national papers, in the same manner, to the same extent, and for the same purposes as the tonnage denoted in the certificate of registry of a British ship is deemed to be the tonnage of that ship.

A. W. FITZROY.

## LEGISLATIVE ASSEMBLY.

### PRIVATE BILLS.

#### EXCERPT FROM RULES AND ORDERS RELATING TO PRIVATE BILLS.

##### RULE 59.

ALL APPLICATIONS for Private Bills, properly the subject of legislation by the Legislative Assembly of British Columbia, within the purview of the "British North America Act, 1867," whether for the erection of a Bridge, the making of a Railway, Tramway, Turnpike Road, or Telegraph or Telephone Line; the construction or improvement of a Harbour, Canal, Lock, Dam, Slide, or other like work; the granting of a right of Ferry; the incorporation of any particular trade or calling, or of any Joint Stock Company; or otherwise for granting to any individual or individuals any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which in its operation would affect the rights or property of other parties, or relate to any particular class of the community, or for making any amendment of a like nature to any former Act,—shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such notice to be published as follows.—

In the BRITISH COLUMBIA GAZETTE, and in one news paper published in the District affected, or if there be no newspaper published therein, then in a newspaper in the next nearest District in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition, and copies of such notice shall be sent by the parties inserting such notice to the Clerk of the House to be filed amongst the records of the Committee on Standing Orders.

57. No Petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any Report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no Motion for the suspension or modification of this Rule shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with consideration of Private Bills, who shall report thereon to the House. And if this Rule shall be suspended or modified as aforesaid the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight days before the opening of the Session, a printed copy of such Bill, a copy of the Petition to be presented to the House, together with the notices published. At the time of depositing the Bill, the applicant shall also pay to the Clerk of the House a sum of three hundred dollars. If a copy of the Bill, Petition and notices shall not have been so deposited in the hands of the

Clerk of the House at least eight days before the opening of the Session, and if the Petition has not been presented within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees paid shall be returned.

60. Before any Petition, praying for leave to bring in a Private Bill for the erection of a Toll Bridge, is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by rule 59, also at the same time and in the same manner, give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a draw-bridge or not, and the dimensions of the same.

61. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses of the General Acts relating to the details to be provided for by such Bills:—Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. Bills which are not framed in accordance with this Rule shall be re-cast by the promoters and re-printed at their expense before any Committee passes upon the clauses.

65. All Private Bills shall be prepared by the parties applying for the same, and printed in Small Pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring  $10\frac{3}{4}$  inches by  $7\frac{1}{2}$  inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Two hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

By new Rule 65A, passed on the 2nd April, 1901 (see Journals, 1901, page 58), a model form of Railway Bill is adopted.

By 65B all Bills to incorporate or amend Bills incorporating railway companies are to be drawn in accordance with the Model Bill.

The provisions contained in any Bill which are not in accord with the Model Bill shall be inserted between brackets.

Any exceptional provisions that it may be proposed to insert in any such Bill shall be clearly specified in the notice of application for the same.

DELTA BY-LAWS.

DELTA DYKE AND DRAINAGE SCHEME, 1895, BY-LAW No. 5.

A BY-LAW TO PROVIDE FOR PRESERVING, MAINTAINING, REPAIRING AND KEEPING IN REPAIR CERTAIN DYKING AND DRAINAGE WORKS CONSTRUCTED UNDER AND BY VIRTUE OF THE PROVISIONS OF THE "DELTA DYKE AND DRAINAGE BY-LAW, 1895, OF THE MUNICIPALITY OF DELTA."

(Provisionally adopted on the 13th day of October, 1904.)

WHEREAS under the said "Delta Dyke and Drainage By-law, 1895," certain drainage and dyking works therein mentioned were and are fully made and completed and are now being operated in the said Municipality :

And whereas under and by virtue of section 261 of the "Municipal Act, 1897," it is provided that after such works are fully made and completed as aforesaid, it shall be the duty of the said Municipality making such works to preserve, maintain and keep in repair, the same at the expense of the lots, parts of lots, and roads, as the case may be, as agreed upon and shown in the By-law when finally passed :

And whereas under and by virtue of section 263 of the "Municipal Act, 1897," the Council may pass a by-law to borrow upon the debentures of the said Municipality, the funds necessary for the repairs and work required by said section 261, and shall assess and levy upon the property benefited, a special rate sufficient for the payment of the principal and interest of the debentures :

And whereas it is expedient and necessary to preserve, maintain, repair, and keep in repair, the said works at the expense of the lots and parts of lots benefited thereby, and the sum of four thousand (\$4,000) dollars is necessary and is required therefor :

Be it therefore enacted by the said Municipal Council of the District Municipality of the Corporation of Delta, pursuant to the provisions of the "Municipal Act, 1897," and amendment Acts, as follows :—

1. That the Reeve of the said District Municipality may borrow on the credit of the Corporation of said District Municipality the sum of \$4,000, being the funds necessary for the said works, and may issue debentures of the said Corporation to that amount in sums of not less than \$100 each and payable within eleven years from the date thereof, with interest at the rate of 5 per cent. per annum, that is to say, in eleven equal annual payments, the first of which shall be due and payable on the fifth of October, 1905, and all such debentures to be payable at the Royal Bank of Canada, Ladner, Province of British Columbia, and to have attached to them coupons for the payment of interest.

2. For the purpose of paying the sum of \$4,000, being the amount to be charged against the said lands benefited, and which said lands are numbered in Schedule "A" of this By-law, and which are the lands numbered and described in the By-law known and described as "Delta Dyke and Drain By-law, 1895," of the Municipality of Delta, and to cover interest thereon for eleven years at the rate of five per centum per annum, the following special rates, over and above all other rates, shall be assessed and levied in the same manner and at the same time as taxes are levied upon the undermentioned lots and parts of lots, and which are the lands mentioned and described in the schedule of assessment in the said "Delta Dyke and Drain By-law, 1895, of the Municipality of Delta," and the amount of said special rates and interest assessed against each lot or part of lot, respectively, shall be divided into eleven equal parts, and one such part shall be assessed and levied as aforesaid in each year for eleven years after the final passing of this By-law during which the said debentures have to run.
